

Dear Team of Cilentano,

Thank you very much for the arrangement of our accommodation "Villa Torre delle Viole" at Marina di Camerota. A small, but superb facility which is run with care by the owners and all the employees. Its location offers a great view of the bay and the Torre. We enjoyed a relaxed week's holiday with clear blue skies.

Marina di Camerota is ideal for starting out on excursions into and discovery tours of the surrounding area. You should not miss out on a short excursion to medieval Camerota. The village seniors there meet on Monday evenings for a small "session" – photo enclosed.

You should not miss out on a hiking tour through the gorge of the Bussento including an exploration of the elevation at Morigerati and finally a bath in the cold spring waters. A special thank you for the number of good Agriturismo-gourmet tips, we followed up several of them and we were always thrilled.

Dream beaches for idling and snorkelling, gorgeous nature, remarkable excavation sites, delicious food, exquisite wine, friendly people – that's what we call a holiday!

Once more, thank you very much – best regards from

p.s.: For our next Cilento holiday we will get in touch with you again.
